Shaurya Arora Session 11

Saturday, October 17, 2026 9:34 PM

Homework Discussion!:

division operator	Floor division operator
→ Decimal value	→ Whole value (left most nearest value)
10/3 ⇒ 3.33367	10// 3 ⇒ 3

Tuple

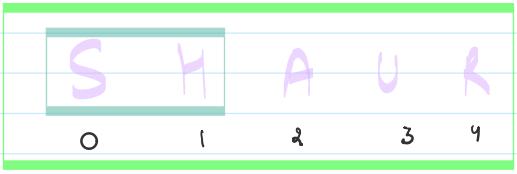

Its a collection of same as well different data types.

Properties of tuple:
1) Immutable → Which cannot be changed after creation
2) Ordered → You can fetch its elements using indexing like 0, 1, 2 and so on

notation

```
list=[]
---------
tup=()
```

Tuple Slicing!:

Start Index

End Index :

always excluded

--> Refer Code for more clarity
