Set

Classroom → Students → Name

Azaan ✓
Laura ✓
Sera ✓✓
Shourya ✓
Ankit tiwari ✓
Sera fuentez

Unique Name : (5)

- Set is a collection of unique items. / Set is a collection of non-repetitive elements.

A	B	C
Mango	Guava	Apple
Guava	Banana	Guava
Berry	Apple	Mango

set < >

→ Mango
→ Guava
→ Berry
→ Banana
→ Apple

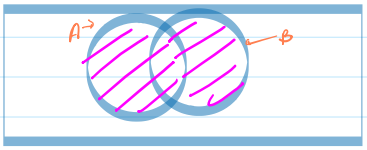

(6)

Methods :-

1) add → add a element
2) remove → removes a specific element.
3) pop → removes any one random elements.
4) union → gives all elements of the set.

```
A = set(1,2,5,4,3)
B = set(3,5,7,8,10)
```

$A \cup B$ = set(1, 2, 5, 4, 3, 7, 8, 10)

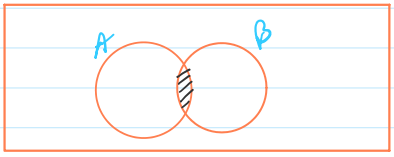

A ∪ B

5) Intersection → It will contains elements which are present in both the set.

Ex- $A = \{ \overset{\times}{1}\ \overset{\times}{2}\ \overset{\checkmark}{3}\ \overset{\times}{4}\ \overset{\checkmark}{5} \}$

$B = \{ 5\ 3\ 7 \}$

intersection = 3 5
